My Dear Alice:

I hope to come and see you again, how is Helen? tell her to write to me, because I have to write to my mother, my Sister and Mrs Bradley once a week each. so that keeps me busy.
Our school will be out June 6th so we only have just one week more after this one, then our school will be open September 15th. I think we will move to Long Beach when school is out. I think so. Mary be I might be here some Friday and visit the school and stay with my mother Saturday and Sunday when school is out. Its going to be when school is out that's all I think, because I wanted it to be out so bad. Tell some of the girls to write to me. over.

26 I want to do so many things when school is out.
These schools here have such funny report cards, when I come here I will show you my report card if I every get to come early.
I wasn't felling very good today I wrote four letters today.
I know you will write to me but don't forget. I am going to watch and see if I get four letters this week or next week.

This is my address.

Miss Justina Mojica.
218 West A street.
Ontario Calif.

Care of Mr E. F. Glass.

don't laugh about the paper because I wrote this in school and I didn't have no writing paper.

Your Friend Justina.
